

Brintons

Name: Hyatt Centric Chicago
Magnificent Mile
Details: Axminster: 9,700 SY
Date: 2013

Brintons designed carpets for the property's 14 meeting rooms, the Grand Ballroom, and guestroom corridors.

"Our goal for the project was to engage guests with a luxurious modern design, while being mindful of the unique locale and history surrounding the property. The very talented Brintons team helped us accomplish this. We are most proud of the Grand Ballroom carpet, inspired by the undulating shoreline it is designed using a modern sense of scale with waves of deep blue and rich warm neutrals. The collaboration with Brintons has helped us achieve an exceptional design evoking sophistication and elegance."
