

Brintons

Name: Courtyard Charleston Summerville
Details: Axminster: 1,700 SY
Date: 2014

Brintons collaborated with J Banks Design on approximately 1,700 square yards of custom axminster carpets at the Courtyard Charleston Summerville.

"It was such a pleasure working with the Brintons team, we would not have been able to achieve the look we wanted. Our sales representative from Brintons was very familiar with Marriott standards and prototype patterns that were able to mix those in with other patterns from Brintons to make the project a true success and cutting edge design work."

Patche Gregory, ASID
