Introducing the new
Naturals Palette

Quickweave™ by Brintons is an innovative approach to carpet design.

Quickweave™ is ideal for smaller projects, offering fast delivery for custom woven carpet. Select a design from our specially curated collection of production ready axminster designs, recolour using one of our Quickweave™ palettes and we'll weave to order.

For Summer 2021 our award winning design team have taken inspiration from nature to create a new Naturals palette to add to our existing Quickweave™ palettes; Inception, Odyssey and Sequence.

An entirely new concept for Brintons, the new Naturals palette for Quickweave™ uses 100% British Wool which is completely undyed.

A more eco-friendly alternative to synthetic or dyed yarns, 100% undyed wool is recyclable, biodegradable and uses less resources throughout the manufacturing process making it a more sustainable choice.

The special wool yarns are created by blending together fleece from different coloured sheep to create a set of 8 beautiful shades of neutrals.

The new palette is presented along with a collection of 14 brand new designs showcasing the Natural yarns which have inspired a collection that is contemporary and modern in form.

Ranging from trend geometrics, random abstracts and flowing traditional designs, the undyed nature of the yarn creates soft, subtle colours to the designs and each has a natural fleck due to the blending of the fleeces.

The palette can also be used across the entire Quickweave™ design collection, giving an infinite number of design and colour combinations. Use our online design tool, **dso.brintons.net** for inspiration and to recolour your chosen design.

Quickweave™ by Brintons is an innovative approach to carpet design, ideal for customers who require a custom made carpet with a short turnaround time.

Select a Quickweave™ design from the hundreds available and recolour using one of our Quickweave™ palettes, Naturals, Inception, Odyssey or Sequence. Choose the quality most suited to your application and once you are happy with your design, Brintons will weave your custom carpet to order and deliver within 6 weeks.

Perfectly suited to projects up to 1000m², our award winning design team have developed a series of production ready Axminster carpets to reflect today's trends, with contemporary patterns and complementing transitional styles such as plaids, stripes, geometrics and natural textures, which offer a practical design solution for hospitality, leisure and gaming interiors.

Creating your QuickWeave™ carpet

- 1. Choose your preferred design from our Quickweave™ collection - visit **dso.brintons.net** to explore the range.
- 2. Select one of four colour palettes; Naturals, Inception, Sequence or Odyssey.
- 3. Pick your colour combination from within your chosen palette.
- 4. Choose the quality best suited to your application.
- 5. Order your free Quickweave™ sample.
- 6. Once approved Brintons will weave your custom carpet to order and deliver within 6 weeks.

For inspiration go to Brintons Design Studio Online (DSO) which provides access to thousands of digital designs. This online tool enables you to search by design category and installation type to identify a carpet design to fit your brief. Once a design has been selected the interactive software can be used to re-colour to suit a specific interior design scheme. The programme will then produce an image of the carpet in a computer-generated 3D interior. Register online and we will be in touch.

A note on Natural undyed wools: Every effort is made to reproduce consistent colour shades but natural colours have inherent variation and some batches may vary. Colours may respond to light exposure over time and exhibit colour change or photo bleaching. We select and blend only the highest quality wools to help reduce such natural variation.

Pattern repeats are shown in 9 row only - repeat details for other qualities upon request
