

# Brintons

**Name:** The Ritz-Carlton  
Orlando, Grande Lakes  
**Details:** Axminster: 11,000 SY  
**Date:** 2014

Brintons worked with Bilkey Llinas Design to create 11,000 square yards of custom axminster carpets at The Ritz-Carlton Orlando, Grande Lakes.

*"Working with Brintons on this project was a very rewarding experience. Their designers took our concepts and developed them into beautiful designs which were exactly what we had visualized. Brintons were with us every step of the way including sending a representative to the site to work along side us checking the layout and aesthetic of the geometry. We have had extremely positive feedback from both the Owners and Ritz-Carlton."*

**Jude Melhern**  
FF&E Design Manager  
Bilkey Llinas Design
