

Brintons

Project: El Cortez Hotel and Casino

Details: 6,500 SY Axminster

Brintons designed and manufactured 6,500 square yards of custom Axminster for the iconic refurbishment of El Cortez's casino floor, bringing a bold and nostalgic flare to the famous Fremont street casino.

"We could not be happier with our new beautiful Brintons casino carpet! Our previous casino carpet was also Brintons and we had a media frenzy when we removed it because of the cult following that the unique floral pattern created. The new carpet is even more beautiful and the response from our loyal guests has been amazing!"

Adam Weisberg
General Manager
El Cortez Hotel + Casino
