Brintons

 QuickWeave™

Wool rich axminster carpets specially woven to order

Quickweave™ from Brintons is an innovative approach to carpet design. Select a design, recolour and we'll weave to order.

Perfectly suited to projects up to 1500m², our thoughtfully curated collections of production ready axminster designs can be recoloured in any of our 6 palettes: Inception, Odyssey, Sequence, Unity, Naturals and Revive. Once you're happy with your recoloured design, we'll weave to order and deliver within 6 weeks.*

Offered in 4 metre widths, carpets in the Inception, Odyssey, Sequence, Unity and Revive palettes are woven using our 80% wool, 20% nylon wool rich yarn blend and are graded suitable for heavy commercial use.

The new Naturals palette offers undyed 100% wool axminster carpets in 4 metre widths and are graded suitable for medium commercial use making them the ideal choice for guest bedrooms.

Take inspiration from our palettes and start your Quickweave™ journey.

The process

Step 1 – Explore

The possibilities are endless. Our palettes have been carefully selected for their versatility and commercial suitability. Inception, Odyssey and Revive palettes each have 16 colours, Sequence and Unity have 10 colours each and the Naturals palette offers 8 undyed colours to choose from.

We've shown the name of the palette applied to each design and the colour references used. Use woven swatches of the colour palettes or small poms alongside the patterns to get a true sense of the colours used.

Step 2 – Experiment

Once you've selected a design it's time to experiment! Use our online design studio dso.brintons.net to recolour. Search by Quickweave. Remember, only use colours from one palette in your design.

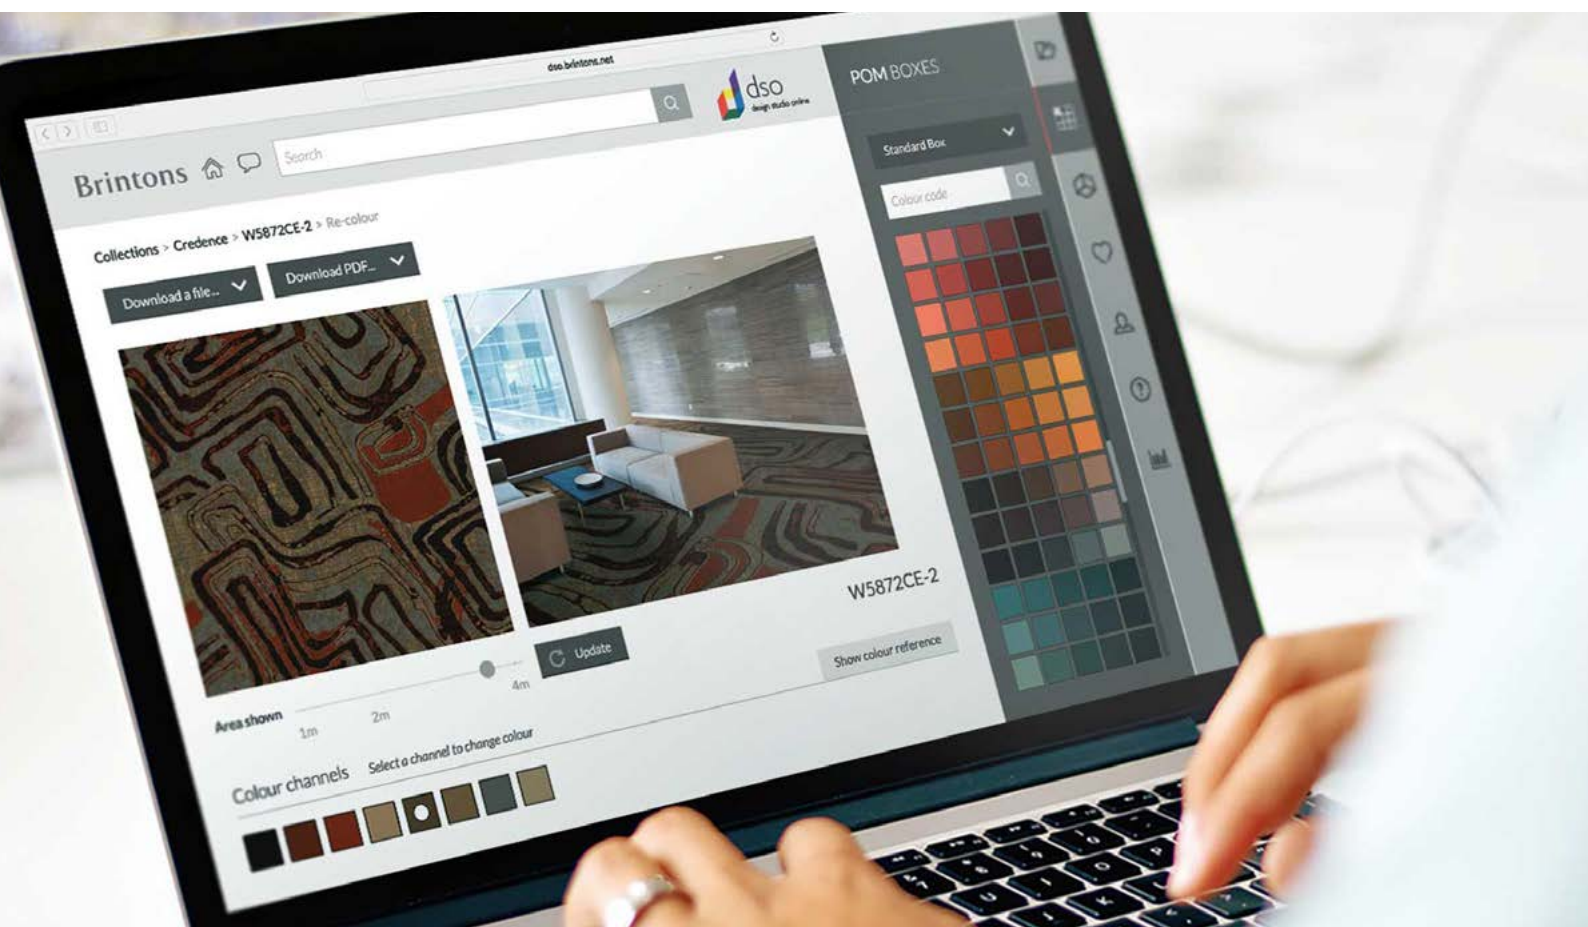

Step 3 – Approve

When you're happy with your design, download a PDF or speak to your business manager to order a sample. Once approved, we'll weave your carpet specially to order.

Step 4 – Install

We work with a network of Brintons approved installers, experts in the installation of our products. They use our Brintons adhesive and underlay system, so you can be assured your carpet will be installed correctly and to our rigorous standards.

Alternatively, if you have a preferred installer, we'd be happy to partner and give them all the support needed to deliver the best possible result for your project.

Design Studio Online

For inspiration go to Brintons Design Studio Online (DSO) which provides access to thousands of digital designs. This online tool enables you to search by design category and installation type to identify a carpet design to fit your brief. Once a design has been selected the interactive software can be used to re-colour to suit a specific interior design scheme. The programme will then produce an image of the carpet in a computer-generated 3D interior. Register online and we will be in touch.

ORGANIC

Drawing design inspiration from the elements of nature, our organic designs explore natural shapes and earthy textures. Featuring soft lines and flowing curves, these designs hold the ability to ground a space.

QUICKWEAVE RUGS

As the largest design element in a space, flooring has an important role to play in an interior scheme.

Brintons Quickweave woven axminster rugs are transformative by making a bold statement or simply adding another layer of textural luxury to an interior. Our axminster rugs are woven in our signature 80% wool, 20% nylon yarn blend and finished to the highest quality.

Offering endless design possibilities, Brintons rugs are available in all of the Quickweave designs across 6 colour palettes with a choice of bespoke size and finishes.

Quickweave™ by Brintons is an innovative approach to carpet design, ideal for customers who require a custom made carpet with a short turnaround time.

Select a Quickweave™ design from the hundreds available and recolour using one of our Quickweave™ palettes, Naturals, Unity, Inception, Odyssey, Sequence or Revive. Choose the quality most suited to your application and once you are happy with your design, Brintons will weave your custom carpet to order and deliver within 6 weeks.*

Perfectly suited to projects up to 1500m², our award winning design team have developed a series of production ready Axminster carpets to reflect today's trends, with contemporary patterns and complementing transitional styles such as plaids, stripes, geometrics and natural textures, which offer a practical design solution for hospitality, leisure and gaming interiors.

Creating your QuickWeave™ carpet

1. Choose your preferred design from our Quickweave™ collection - visit **dso.brintons.net** to explore the range.
2. Select one of six colour palettes; Naturals, Unity, Inception, Sequence, Odyssey or Revive.
3. Pick your colour combination from within your chosen palette.
4. Choose the quality best suited to your application.
5. Order your free Quickweave™ sample.
6. Once approved Brintons will weave your custom carpet to order and deliver within 6 weeks.*

For inspiration go to Brintons Design Studio Online (DSO) which provides access to thousands of digital designs. This online tool enables you to search by design category and installation type to identify a carpet design to fit your brief. Once a design has been selected the interactive software can be used to re-colour to suit a specific interior design scheme. The programme will then produce an image of the carpet in a computer-generated 3D interior. Register online and we will be in touch.

A note on Natural undyed wools: Every effort is made to reproduce consistent colour shades but natural colours have inherent variation and some batches may vary. Colours may respond to light exposure over time and exhibit colour change or photo bleaching. We select and blend only the highest quality wools to help reduce such natural variation.

Pattern repeats are shown in 9 row only - repeat details for other qualities upon request
